Changes in BEA Funding

HB 3 incorporates the Texas Commission of Public School Finance's recommendation to:

Create a new dual language allotment as compelling data reviewed by the Commission indicates that dual language programs are highly effective vs. transitional or ESL.

Better incentivize and resource school districts to offer these effective programs, the Commission recommends that the state create an additional allotment at an additional 0.05 weight (for a total 0.15 weight) for dual language programs.

Changes to Bilingual Education Allotment

BEA Spending Requirements

New Reporting Requirements

Per Texas Education Code (TEC) §

Question

Did spending requirement compliance enforcement change with HB 3?

Answer

Compliance enforcement with state spending requirements is no different under HB 3. The agency has historically enforced corrective action plans for LEAs if they fail to meet their spending requirements over a three-year average. That agency practice is now adopted in law.
