assessed in high school with one of these assessments in the applicable subject area.

Section 1111(b)(2)(B)(v)(II) of ESSA requires students to be assessed in science at least once from third through fifth grades, at least once from sixth through ninth grades, and at least once from tenth through twelfth grades. The approval of this waiver would not affect the assessment requirement for third through fifth grades. For middle school, students will be administered either the STAAR® grade 8 science, or if the student is enrolled in an advanced science course, the corresponding EOC assessment. Students completing an advanced science course in middle school will be assessed again using the ACT Science assessment in grades 11 and 12.
