

Technical Assistant (TA) Dashboard is an application available through the Texas Education Agency Login (TEAL) to assist local education agencies (LEAs), education service centers (ESCs) and Texas Education Agency (TEAs) review and assign technical resources for Texas school districts.

LEA, ESC, and TEA staff can request various roles within TA Dashboard through TEAL to complete review and assign technical resources. To access the TA Dashboard application, users must first obtain access to the TEAL system.

For users who need to create a TEAL account, navigate to <https://tealprod.tea.state.tx.us/WebHelp/IAM.htm> for further guidance.

The steps below are intended to assist users who have existing TEAL access and are ready to request the TA Dashboard application.

Step 1: To request access to TA Dashboard, first navigate to the TEAL login screen

You can reach the TEAL login screen by visiting the TEA main webpage at: tea.texas.gov, then clicking on the "Log In" link in the top right corner of the page.

Step 2: Enter your TEAL login and password. You will see your TEAL landing page that lists various applications along the left hand toolbar and applications for which you already have access listed under the "My Applications" tab.

From the "My Applications" toolbar, click on the "TA Dashboard" application.

Step 3: You will now see the "TA Dashboard" application page.
