Most students have already completed courses that have corresponding EOC assessments before their senior year. Normally, a student who has not passed up to two of his or her required STAAR EOC assessments may graduate through the individual graduation committee (IGC) process. For students who are still working to meet assessment graduation requirements as seniors in the 2019–2020 school year, required performance on academic assessments to graduate under TEC, §28.025(c) and §39.025(a) is being waived for spring 2020. Effectively, this means that current seniors may graduate through the IGC process regardless of the number of EOC assessments they still need to pass.

2. If a student is not graduating this year and still has one or more EOC assessments required to graduate, how will that affect the student’s credit in the upcoming year?

The required performance on academic assessments under TEC, §28.025(c) and §39.025(a) is being waived for spring 2020 only. This means:

If the student is not graduating and is currently enrolled in an EOC course, the EOC passing requirem(C)-0.6 ()10. 3. What assessments have been cancelled for this school year?

Academic assessment requirements are suspended for the remainder of the 2019–2020 school year. This includes all STAAR assessments including tests for grades 3-8, end-of-course (EOC) assessments, and STAAR Alternate 2 tests.
