counseling students concerning mental health conditions and substance abuse, including through the use of grief-informed and trauma-informed interventions and crisis management and suicide prevention strategies; and

effective implementation of the Texas Model for Comprehensive School Counseling Programs under TEC, §33.005.

rofessio I evelopme t ctivities m y i cl e

an evidence-based mental health first aid training program or an evidence-based grief-informed and trauma-informed care program that is offered through a classroom instruction format that requires in person attendance. A person receiving this training will receive twice the number of hours of instruction provided under that program, not to exceed 16 hours; suicide prevention training;

an instructional course on the use of an automated external defibrillator (AED) that meets guidelines for AED training approved under Texas Health and Safety Code; and education courses that:
