## Accountability System for Educator Preparation (ASEP)

This report presents results from the principal survey of first-year teachers. In this survey, principals describe the preparation of teachers in six categories of practices. Principals complete surveys for first-year teachers who graduated at any time during the 5 years prior to the reporting period and who taught in the Texas public school system for a minimum of 5 months during the reporting period.

Percentages note the percent of teachers prepared by an EPP who received an average score of Sufficiently Prepared or Well Prepared when all applicable questions were averaged, and within each of the six categories. The overall percentage serves as indicator 2 of the Accountability System for Educator Preparation (ASEP)

To teach students developmentally appropriate technology skills	
To use technology to make learning more active and engaging for students	
To use availanechnology to collect, and analyze student data us are bgrams (s	or
To use available technology to collect, manage, and analyze data from multiple sources in order to interpret learning results for students	
To use available technology to document student learning to determine when an intervention is necessary and appropriate	
To use available technology to collect and manage formative assessment data to guide instruction	

Percentage of First Year Teachers Appraised as Sufficiently or Well Prepared from 2016 – 2018 UNIVERSITY OF HOUSTON-CLEAR LAKE

Alternative - Institutions that offer teacher training that prepares individuals who already hold a baccalaureate degree. These providers include education service centers, school districts, private entities, community colleges, and universities.

Traditional - Institutions that offer teacher training that is part of an undergraduate degree program offered by colleges and universities.

Traditional/Alternative - Institutions that offer both Alternative and Traditional Teacher training.
