

CCMR OUTCOMES BONUS REPORT

Governor Abbott on June 12, 2019, supports the state's mission to prepare every child for success in college, career, or the military.

The items within HB 3 are aligned to the state's [Talent Strong Texas](#) goals and provide funding to incentivize and reward innovation and achievement for school districts and open-enrollment charter schools. CCMR Outcomes Bonuses are paid annually for the accomplishments of graduates above a certain percentage threshold that have demonstrated college, career, or military readiness. The purpose of the threshold concept is to ensure equity amongst the three groups measured: economically disadvantaged; non-economically disadvantaged; and students served in special education programs.

Districts receive the following amounts for qualifying graduates that exceed the threshold performance set for each group (the threshold performance matches performance within each group meeting the CCMR standard at the 25th percentile of 2017 performance statewide). Graduates who were enrolled in a special education program count towards either economically disadvantaged or non-economically disadvantaged in addition to the special education group.
